ARTISAN CEILING TILES

## RESTAURANT SPOTLIGHT

Monterey Coastal

The bold lines of [Grooved Quarter Pyramid Ceiling Tile](#) are perfection in dark oak at Monterey Coastal.

This fresh restaurant renovation by PHÄNOMEN design features enviable signature ceilings and cleverly placed fixtures.

Shown right is an alternate angle of the ceiling tile install over the sushi bar.

Striking light fixtures are attached to a wider break placed between each 4' section for a seamless look.

### Monarque

[English Lamb's Tongue Center Rosette Ceiling Tile](#) adorns the ceilings above the cabaret-style Monarque in Baltimore. Specified by Patrick Sutton, MD a in Sunset Bronze faux finish, this added texture completes the French Steakhouse aesthetic.

### &Pizza

The team at &Pizza curates a unique dining experience in each location. Inspired by architectural and local Jersey City flair, this high contrast pizza haven incorporates [Pyramid 4](#) and [Pyramid Utility](#) ceiling tiles to accompany its modern aesthetic.

### Habaneros

A re-imagining of Habaneros in Ohio features [Grooved Quarter Pyramid](#): four individual tiles combine to create a large scale 4' x 4' pyramid shape for a dynamic ceiling solution. Pendant lights suspend through the ceiling tiles and appear to float above the booths.

### Arni's

Another PHÂNOMEN designed project, Arni's in Brownsburg, IN, has a large, unique lounge with a dark décor that includes [Contemporary Coffin](#). A rich, black finish over the bar adds to the modern feel in this pizzeria.
