NEWS AND VIEWS

Featured Project: ilani Casino Resort

ilani Casino

Above View's Wave ceiling tiles are brought to life with dramatic lighting at the ilani Casino Resort. Opened on April 24th, the casino is located in Ridgefield, WA. The stunning ceiling design was conceived by Friedmutter Group, Las Vegas. Two primary tile patterns, [Wave A Ceiling Tile](#) (TL-0093) and [Wave B Ceiling Tile](#) (TL-0094) together generate an undulating effect. Two secondary companion tiles with a smooth solid center offer flexibility to accept various lights, sprinklers, vents, etc. See [Wave A Smooth Center Ceiling Tile](#) (TL-0095) and [Wave B Smooth Center Ceiling Tile](#) (TL-0096).

Featured Products: Pyramid Ceiling Tile

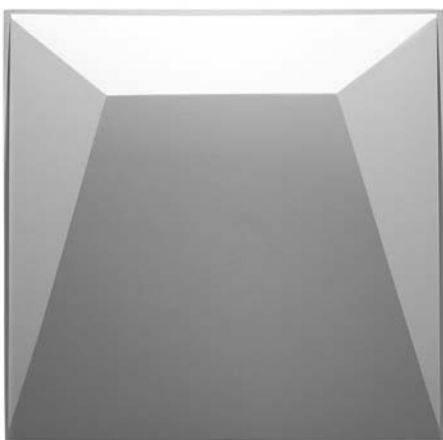

Above View [Pyramid Ceiling Tiles](#) create dimension and generate an interesting play of light and shadow in a public corridor.

Both custom wood faux finished and standard white painted [Pyramid Ceiling Tiles](#) are combined for a unique lively effect.

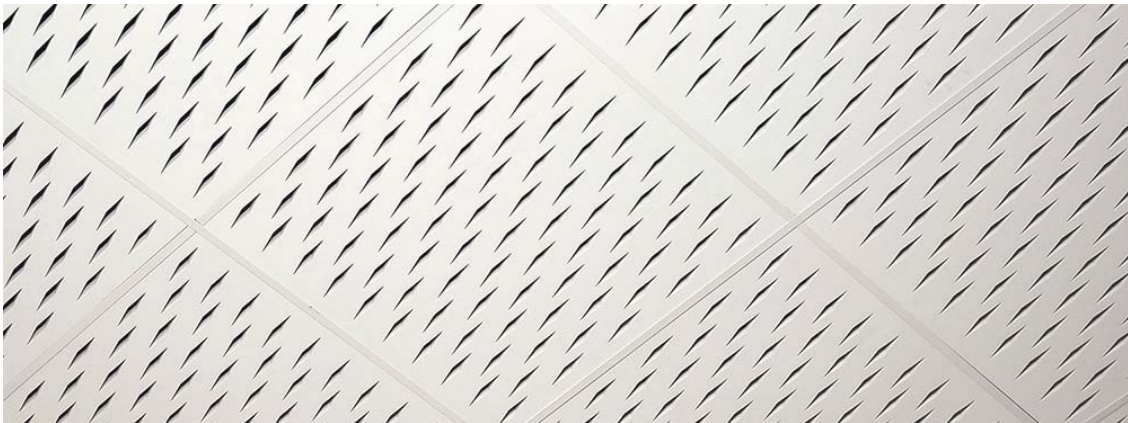

[Pyramid 4 Ceiling Tiles](#) provide definition to an office social hub. In this installation, [Square Drop 3 Ceiling Tiles](#) are interspersed to accommodate sprinklers and recessed lights.

Above View offers three unique [Pyramid Ceiling Tiles](#). Dozens of patterns can be achieved through tile orientation and/or combination of the three tiles. [Pyramid 2 Ceiling Tile](#) (upper left) drops two inches below the grid, while [Pyramid 4 Ceiling Tile](#) (upper right) drops a substantial four inches below the ceiling grid. [Utility Pyramid](#) (lower left) offers a horizontal surface area for installing lights, speakers and sprinklers. Quantity four Pyramid 4 Ceiling Tiles (lower right) create a symmetrical star design.

New Products: Acoustics

Above View Inc. is proud to introduce [ACOUSTICS](#), a ceiling tile collection offering both STYLE and PERFORMANCE. Designed to absorb and reduce sound, the [Diamond Sound Screen](#) and the [Deco 2 - Square Acoustic](#) ceiling tiles are the first acoustic products to be developed by Above View. Additional designs will be added to Above View's Acoustic Collection in the coming months.

The [Diamond Sound Screen Ceiling Tile](#) (TL-0200) offers a sophisticated open diamond pattern and sound-reducing performance.

The [Deco 2 - Square Acoustic Ceiling Tile](#) (TL-0210) offers both noise-reduction and decorative flair.

About Above View Inc.

Headquartered in Milwaukee, WI, Above View Inc. is a favorite source for plaster and glass fiber artisan ceiling tile. Above View ceiling tiles are found in hotels, casinos, restaurants, courthouses, stadiums and convention centers worldwide. Made in USA since 1984.

Create an expressive ceiling using one of over 80 Above View standard ceiling tiles! Customize the tiles by specifying a paint color, faux finish, or propose your own custom ceiling tile design.
